About Dr. Kenneth Green

Doctor Green is a young man who has had to overcome amazing adversity in his life. Overcoming physical and emotional disabilities, Kenneth wanted to share his life and what has inspired him with the world-wide web and Simply Kenneth was born.

About Simply Kenneth.

Simply Kenneth was founded in 2016 as a blog to talk about Religion, Culture, Music and Food. This blog posts twice a week. On Monday's motivational items are posted for Motivation Mondays. And on Friday anything and everything is talked about for Friday Fun Day. This blog has grown quickly as our consistency has greatly improved.
